When you use your Card at an automated gas station pump a minimum of \$ 99 must be available on the Card to enable gas to be dispensed (It may take up to 24 hours before any unused amount is available to spend due to the way in which the transactions are processed). If your available balance is less than this, please pay the attendant in the gas station.

If you use the Card to make a telephone call this can require of minimum credit of \$15.

If you use your Card to purchase meals or drinks many restaurants and bars factor a tip into the price of up to 20% when pre-authorizing Card purchases but you will only be debited with the actual amount you spend. Hotels and cruise liners operate a similar policy, usually 15%.

Should you use your Card to pre-authorize a hotel reservation any amount requested in a pre-authorization will not be available to you to spend using the Card, although you will only be finally debited with the actual amount you spend. If five days elapse without you authorizing an amount any pre-authorization will be cancelled and this will be available to you.

Automobile rental businesses likewise add 15% to the rental to allow for any additional expenses and mail order companies often add a similar amount for potential shipping costs although the amount finally debited will be as the final bill.
